Live Operations | 10.2025 - Present

@ Big Ant Studios (Melbourne)

- Maintain a strict weekly deadline for feature rollouts, content drops, and seasonal campaigns.
- Balance in-game economy, design, and store layouts to maximize monetization without comprimising player experience.
- Collaborate with Data Analyst, Artists, Programmers, and QA to bring features and assets from deployment to live servers.
- Design, document, and iterate on core gameplay, and progression systems to improve player progression, rewards, and economy.
- Create moodboards and concept art for seasonal content release.

3D Artist & Community M. | 01.2025 - 03.2025

@ Buzzy.gg (Remote, Sydney)

- Streamline development process with workflow and communication tools
- 3D design and modeled props and assets for creative camps composed of basic shapes
- Answering user support tickets about their needs and challenges toinstitutions.
- Participate in community-building activities like content creation and live event engagement
- Creating and designing models using tools like Blender for game creation kits on platforms such as Roblox Studio and Unity

3D Interactive Designer | 02.2022 - Present

@ Nightcode (Freelance) (Remote, Jakarta)

- 3D design and modeled assets, making sure everything is completed in time
- Illustrated concept art and icons for UI/UX needs
- Communicated with clients and managers to ensure that everything is according to the brief given.
- Demonstrated creative inputs and high quality visualization, following the practices learnt in game development using current software and guidelines.
- Built corporate brands by designing cohesive looks between elements such as logos
- Researched trends and projected industry changes to capitalize on opportunities.

Junior Graphic Designer | 08.2021 - 02.2022

@ Metamorphosys Creative Agency (Jakarta)

- Built corporate brands by designing cohesive looks between elements such as logos
- Researched trends and projected industry changes to capitalize on emerging opportunities.
- Created designs and collaborated with technical team to complete projects.
- Coordinated, created, and schedule content designs, and periodic updates to company websites
- Design feeds for social media, advertising, and informational purposes.
- Brainstormed different ideas for concept arts.
- Worked with art director and other artists to understand project scopes

Ps M Ai
